

# Cutting the Cord: Leaving Cable Behind in the Age of Streaming

## Resources Referenced in the Presentation:

- **Slate Savings Calculator** – Plug in your payment information for cable, internet, and streaming services to determine how much you would save if you cut the cord  
[http://www.slate.com/articles/business/moneybox/2015/01/should\\_i\\_cut\\_the\\_cable\\_cord\\_decide\\_on\\_streaming\\_services\\_with\\_this\\_calculator.html](http://www.slate.com/articles/business/moneybox/2015/01/should_i_cut_the_cable_cord_decide_on_streaming_services_with_this_calculator.html)
- **Speed Test** – Use this website to determine whether or not your internet connection at home is fast enough for streaming (should be between 5 and 25 MBps)  
<http://www.speedtest.net>
- **“Best Media Streaming Devices of 2017” from PCMag.com** – This article is where I got the data and reviews for the 4 streaming devices in the presentation  
<https://www.pcmag.com/article2/0,2817,2421457,00.asp>
- **FCC TV Stations Coverage** – Check the signal strength from major broadcast networks at your house  
<https://www.fcc.gov/media/engineering/dtvmaps>
- **“Watch Sports Online Without Cable” from Cut Cable Today**
