From the Director's Desk

Dear Friends of Bill Memorial Library,

Fall is here and with it big changes for the Bill Memorial Library. We have just finalized a land swap with the Town of Groton; the library will give a parcel of land (the "playground") to the Groton Heights School property, and in return we will get a parcel to the south of the library (part of the front lawn of the school property).

We're excited to incorporate this into our grounds and provide open space between the library and the Fort Griswold property and monument. We owe a big thanks to the Town for working with us to get this over the finish line. Frederic Bill, our founder, always envisioned this hilltop location as a park, so this is one step closer to bringing his vision to reality and open space to the community.

Sincerely,

Wendy Connal, Library Director

The "Playground," given to the Groton Heights School property

The front lawn, now part of BML

Wendy Connal, Director and Ky Connal-Nicolaou, Staffer

Wendy and Ky took advantage of our holiday photo backdrop to take funny photos for their family card.
